

Open-Air Cinema in the castle courtyard

When the stork is back in his nest and the bats are circling around the movie screen in the twilight, time is ready again: The castle courtyard becomes a wonderful open-air cinema hall.

Crime, love story, drama: welcome to the open-air cinema! Prior to the main movie, there always is a diverse opening program, starting at 8.30 pm.

Cool drinks, popcorn and some other culinary highlights are offered as well. Come by and enjoy this special movie experience in Herzogenaurach. It's showtime! Note: All movies are presented in German language.

The next open-air cinema takes place from 6 to 15 June 2019!
