The Inner-Town Tour

Begin your discovery of Herzogenaurach's medieval town center in the inner courtyard of the former administrative office (Amtsschloss), now town hall. Follow the castle moat on the north side, and you will arrive at the main street (Hauptstraße) with the two town towers, Herzogenaurach's most prestigious landmarks. Continue on to the church area around the parish church of St. Magdalena. In the heart of Herzogenaurach await the last two sights on this tour: the oldest house and a former brewery.

Inner-Town Tour (Stations 1-16): walking time approx. 30 minutes
