Apprenticeship exchange

Find your dream job! Once again this year, the Erlangen-Höchststadt district's training fair in Herzogenaurach town center offered great opportunities to find out about a wide range of training professions.

Advice, information, open training positions: The training exchange is the platform for teenagers and young adults to find out about a wide range of training occupations and make contact with companies, institutions and vocational schools that offer training. Anyone looking for a training place or an internship or interested in a dual study program can get in touch there.

The next training fair is expected to take place on May 10, 2025.
