

STADT
HERZOGENAURACH

Crèches

Infants up to three years can go to a crèche. The main focus in crèches is on social behaviour and social interaction. Crèches can enrich the childrens' life. The pre-school year starts in September every year. If you want to register for a place during the year, this is only possible on agreement with the crèche administration and if places are still available. If you want to register your child for a crèche, you have to state your desired daily booking time (i.e. how long do you want your child to stay every day). The minimum time is 4-5 hours daily. Please contact your favourite crèche directly or, if you have chosen a catholic facility, contact the Kindergartenverwaltung (pre-school and crèche administration) on Kirchenplatz 4, phone 09132 / 8362113.
