

STADT  
HERZOGENAURACH

# Pre-schools

In pre-schools, various opportunities for playing and learning are provided. Parents will be supported concerning questions of child care and education.

The pre-school year starts in September every year. If you want to register for a place during the year, this is only possible on agreement with the pre-school administration and if places are still available.

If you want to register your child for pre-school, you have to state your desired daily booking time (i.e. how long do you want your child to stay every day). The minimum time is 4-5 hours daily. Please contact your favourite pre-school directly or, if you have chosen a catholic facility, contact the Kindergartenverwaltung (pre-school administration) on Kirchenplatz 4, phone: 09132 / 8362113.
