Equipment and class rooms

The former girls' school building, today a protected historic building, at Kirchenplatz 11 provides 11 class rooms and one concert hall.

The four piano class rooms are equipped with two pianos each (for partner classes with two students). The class instruments are tuned regularly.

Rental instruments are available for certain instrumental classes.

The school building can easily be reached by foot, by bike or by bus. A car park is available e.g. An der Schütt (P1).
